GREEK ISLAND DRINK FLIGHT $48, 20 mL x 3

KLEOS

Mastiha Liqueur

Established in 2017 by the first Greek woman in history to establish a spirits brand.

A premium liqueur made with mastiha, an ancient Greek superfood found only in Chios.

Mastiha (mas-tee-hah) is a resin secreted from the skinos tree, found only in Chios, Greece. It is one of the most ancient superfoods known for its healing properties, used as a health and beauty supplement, and as a culinary spice.

STRAY DOG

Wild Gin

Stray Dog Wild Gin starts with wild botanicals, herbs and citrus hand-foraged from the Greek countryside, where the Mediterranean sunshine and crisp mountain spring water conspire to create bright, savoury flavours unique to the region…and to the world of gin: Sage, Bay Leaf, Cardamom, Lemon and Orange, Mastiha, Fennel Seed, Coriander and Juniper.

TSIKOUDIA

With Honey

Golden sweet aftertaste. Its strong, earthy taste leaves its sweetness at the end along with the aroma of thyme mountain honey harvested by Cretan apiarists and local aromatic herbs, without adding any synthetic colorants.
Preferably served at 10° - 12.

Produced in artisanal discontinuous distillation with fractional copper alembics in Rethymno.

CYPRUS DRINK FLIGHT
